PAN9L54B32

**ONLY £79.99**  
RRP £139.99 INC VAT

Highest Li-ion battery capacity without an increase in size. This battery is the same size as the 18V 4.2Ah Li-ion battery pack. Panasonic technology helps to protect your tool in heavy conditions. The improved design features materials that give reduced internal resistance, allowing a 250% lifespan when compared with an original Li-ion battery.

Other features include: an overdischarge prevention sensor (OPS), battery overheat protection sensor, individual battery cell monitoring and heat-resistance layer (HRL) technology.
