

# QUARTERLY NEWSLETTER SEPTEMBER 2019

**jonesandclark**  
INDUSTRIAL SUPPLIES AND SOURCING SPECIALISTS

LET US SOURCE IT FOR YOU!

## 87 years old and still evolving

Jones and Clark celebrates its birthday at the beginning of October.

The company has certainly changed in that time. The company was co-founded by William Clark in 1932 specialising in Saw and Tool regrinding. In 1974 Brian Clark took control and steered the company direction and focussed more on the supply of Hand Tools, Power Tools and Industrial supplies. Then in 2000 Simon took control expanding the specialisms to include Stock Management Systems and Product/Solution Sourcing Specialists. Technology and processes have certainly changed but Jones and Clark have managed to keep up to date with current applications but keeping hold of its traditional values.

Thank you for all your support over the years and we look forward to continuing to work with you for the future...

## Stock Management Services

Did you know that we offer site stock management services? Let us take the stress out of managing your stock by us doing all the hard work for you!

Our main solution that we implement is the set up of your stock cupboards/room, organise it for you and set up stock based on your usage. We then will visit your site on a regular basis to perform a stock check and to replenish your stock therefore reducing your labour costs to a minimum. Then we will invoice for your usage making the whole system quick, easy and cost effective for you. We can also offer vending machine solutions if required.

Please contact us for more information and to book a visit to discuss your requirements further.

## Annual Stocktake

Our annual stocktake will take place this year on the 27<sup>th</sup> and 28<sup>th</sup> September.

We will be closing at 4pm on Friday 27<sup>th</sup> September and reopening at 8am Monday 30<sup>th</sup>.

Please ensure that you have stock coverage during this time.
