As we celebrate our 40th year in business, we thought it would be the perfect opportunity to take a moment to thank you for your continued support over the last four decades.

As part of our celebration, we have created some special edition 40th Anniversary commemorative products. Inside this promotion you will find some exclusive pricing on these fantastic products so that you can celebrate with us.

During the 1970s, John Sealey started building the business. He decided to name the company after his original core product; Trolley Jacks, hence the name Jack Sealey was born.

Initially, before he had any premises to trade from, he was selling the Trolley Jacks from the back of his car. He quickly acquired a loyal customer base, by treating his customers with the same care and attention to detail that he would expect himself.

The ethos of mutual respect and contributing towards each other's success has made it possible for his company to grow from a one man band to the 400+ workforce it is today.

John is still actively involved in the company, along with his sons Rob, Ben and George. The next generation have followed in their father's footsteps, ensuring the company's continued success.

**Once again, thank you for your continued support.
We can't wait to see what the next 40 years will bring!**

SERVICE LEGACY

DAS150 SANDER STILL SERVICEABLE AFTER 30 YEARS!

The owner of a thirty year old Sealey DAS150 Random Orbital Sander contacted our Technical Sales Department because he needed a replacement backing pad. While discussing the replacement pad, he mentioned how it had provided many years of faithful service, but if any parts were still available, it could do with a service.

"We aim to hold a full inventory of spare parts for products, even if the product was discontinued up to 7 years previously."

He was amazed when our technical advisor told him that we still hold spare parts for this model, and many others like it, even though it has been superseded many times. The sander was returned, via a Sealey stockist, and one of our in-house engineers appraised it. Amazingly, other than a clean, all that was required was a replacement mains plug (to comply with the current electrical safety regulations) and a set of brushes!

Once it had been PAT tested, it was returned ready for its next 30 years of service. We contacted the owner, and these were his thoughts: 'My DAS150 sander was presented to the Sealey service centre for a new backing pad and to see if it required any other repairs. To be informed that the sander was ready for collection the following day and that the only thing it needed after 30 years of service was a set of brushes in the motor and a clean was very good news!'

SPARES & SERVICING

This story was not a one off!

We offer a full spare parts back-up service, so you can be assured of many years of service from your Sealey products. We aim to hold a full inventory of spare parts for products - even if the product was discontinued up to 7 years previously. It is not uncommon for us to hear from customers who have a Sealey tool which is over 20 years old, and we still hold the spare parts for it. Servicing of our products can be carried out at our Service Centre in Bury St. Edmunds, or alternatively arranged via our authorized Repair Agents across the country.

QC Testing

We operate a quality control (QC) process, which is continually reviewed and approved. All products are thoroughly tested by our experienced QC engineers for quality, performance and compliance before being accepted to the range. Tests include: RoHS, EMC, Torque, Hardness, Vibration and PAT testing, ensuring our products comply or exceed UK, European or International Standards.

IBQC Testing

Once catalogued, and before being certified approved for sale, all deliveries of products are inspected and tested at the point of unloading. We have always invested heavily in both QC equipment and personnel, resulting in peace of mind that we offer safe and dependable products, which comply with the latest documented standards, where applicable.

The Sealey Service Centre

The latest addition to our impressive headquarters means the best aftersales service in the business is now even better! The service centre currently holds 130,000 different spare parts for both existing and discontinued products.

It is important our products can be serviced and maintained as quickly and efficiently as possible, and our dedicated service centre means that Sealey will continue to exceed customers' expectations for years to come.

3 & 4tonne Trolley Jack Features

NEW

Our extended chassis and extra long handle means hard to reach jacking points are easier to access, compared to others on the market.

3tonne
OR
4tonne

**ROCKET
LIFT**

2
YEAR
WARRANTY

Unlike some other jacks on the market, when we say 3 and 4tonnes, we mean it! Some jacks are marketed as 3ton, but this is actually 3 U.S. ton which equates to 2.7 U.K. tonnes.

PROTECTIVE SLEEVE

- 1 Protective handle sleeve helps prevent accidental damage to car bodywork.

MAGNETIC TRAY

- 2 Built-in magnetic tray allows you to store tools and fasteners.

SADDLE

- 3 Large jacking saddle and pad for increased load stability.

UNIVERSAL JOINT

- 4 Universal joint release mechanism allows safer, more controlled lowering of the jack.

TWIN PISTON

- 5 Rocket Lift feature brings lifting arm into contact with jacking point with minimal pumps.

POLYURETHANE WHEELS

- 6 Polyurethane wheels for smoother manoeuvrability and helps prevent damage to workshop floor.

VEHICLE SERVICE

10tonne Hydraulic Ram

Hydraulic

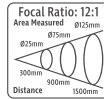

10tonne

- Hydraulic ram piston fits all Sealey hydraulic puller sets and is also suitable for use with other popular makes of hydraulic gear pullers.
- Screw mechanism converts power to 10 tonne ram head with enough force to remove most stubborn bearings, pulleys and shafts.
- Compatible with: Model No's PS980, PS981, PS982, PS985, VSE127H.
- Model No. **PS990**
- List Price £93.95

£64.95 EXC. VAT
£77.94 INC. VAT

Infrared Laser Digital Thermometer 12:1

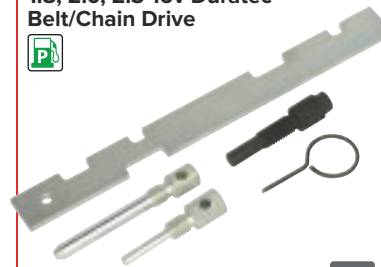

LASER SIGHT

- Detects energy emission in the infrared spectrum and converts reading into a display of temperature.
- Features laser pointer, data hold and auto power off.
- Temperature is displayed on a large 23mm LCD panel with back-lit display for use in low light areas.
- Temperature can be shown in either °C or °F.
- Temperature Range: -50°C to +380°C (-58°F to +716°F).
- Powered by 9V battery (supplied).
- Model No. **VS900**
- List Price £41.95

£29.95 EXC. VAT

Direct Drive Compressors 2hp

- Air Displacement: 6.8cfm (193ltr/min).
- Maximum Free Air Delivery: 4.6cfm (130ltr/min).
- Maximum Pressure: 116psi (8bar).
- Aluminium cylinder head with cast iron cylinder gives added resistance to wear.
- Pump head directly coupled to heavy-duty induction motor for reliable and quiet operation.
- Precision welded receiver tank manufactured to meet Pressure Vessel Directive.
- Fitted with fully automatic pressure cut-out switch and twin gauges displaying tank and working pressures.
- Fitted with ASTA/BS approved non-rewirable plug.
- Phase: 1ph.

13pc 1/2" Sq Drive Impact Socket Set Metric

1/2" Sq Drive

- Manufactured from Chrome Vanadium steel, hardened, tempered and with a phosphate finish for added corrosion resistance.
- Standard depth six-point WallDrive® sockets allow a transfer of up to 30% more torque to the fixing.
- Sizes: 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 21, 22, 24mm.
- Model No. AK5613M
- List Price £31.45

£16.95 EXC. VAT
£20.34 INC. VAT

Reciprocating Air Saw

- Ideal for a variety of bodyshop applications such as cutting panels, exhaust work, sills and chassis members.
- Fitted with safety trigger device to prevent accidental operation.
- Features adjustable blade guide.
- Supplied with a starter pack of blades.
- Model No. SA342
- List Price £71.45

£46.95 EXC. VAT
£56.34 INC. VAT

Ø75mm Mini Air Polisher

Polisher

Ø75mm

Generation

- Textured grip and lightweight aluminium alloy housing provide comfort and control.
- Powerful air motor provides smooth operation under-load.
- Supplied with Ø75mm hook-and-loop pad and spanner.
- Use with Ø79mm buffing and polishing heads.
- Model No. GSA722
- List Price £57.45

£32.95 EXC. VAT

INNOVATIVE PRODUCTS

We've been pretty busy here at Sealey this decade. Over the last 7 years, we've been more committed than ever in continuing our mission to bring you the best service in the industry! On the following pages, you will find some of our most innovative tools, including our new Lock-On™ socket sets and our patented Electrostart™.

Brake Pipe Straightening Tool

- Brake pipe straightener designed for use on automotive applications.
- This unique design is fast and easy to use.
- Suitable for 3/16" (4.76mm) cupro-nickel, copper and steel pipe.
- Features hole for marker pen.
- **Model No. VS5056**
- List Price £13.45

£7.95 EXC VAT
£9.54 INC VAT

Brake Pad Thickness Gauge

- Measures the brake pad lining on the vehicle without removing the road wheel.
- Suitable for both internal and external brake pads and features a 15mm and calibration check marking.
- Range: 1.5-13mm.
- Designed for brake pads that have a normal 6mm thick backing plate (Class IV, V).
- **Model No. VS058**
- List Price £25.95

£16.95 EXC VAT

E/START RANGE

"Unlike traditional starter packs, the problems of battery degradation are avoided." Classic Car Weekly

"Weighing from just 1-4kg and small enough to fit inside your glovebox. Genius." Classic Ford

"Simple & safe, it's ideal for the professionals and DIY users." Professional Motor Factor

"Initially, Sealey's rethink of the booster concept seems bonkers, but it may well be the product that finally makes hefty old mains starter chargers a thing of the past." Car Mechanics

PATENTED TECHNOLOGY

ElectroStart® Power Starts

- Simple and safe to use with no long term battery storage issues.
- All units can be fully energised in a matter of minutes.
- Compact and lightweight for easy handling and storage, yet still delivers the same result as heavy, bulky, lead acid battery equivalents.
- Digital display indicates battery voltage, capacitor charge and faults (Model No's E/START1600 and E/START800HY only).
- Model No. E/START800HY has an integral lithium battery pack for use when battery voltage is below 5V.
